

DRYFT[®]

FROM NOW

DRYFT®

Now you can clean 100% of the floor surface with the world's first S-Motion Scrubber Dryer.

Introducing DRYFT, a breakthrough in floor cleaning technology. With its patented ultra low profile head shape and groundbreaking 4200rpm Scrubbing Technology, DRYFT delivers 100% floor cleaning coverage in half the time.

Floor Tracking Technology

DRYFT tracks and adjusts automatically to uneven floors, thanks to the SPYDR Chassis, which enables the cleaning pad and squeegees to adjust independently.

Aluminium Chassis

Robust aluminium construction designed for commercial use.

Spin Handle

Keeps your upper hand stationary allowing the machine to rotate effortlessly.

S-Handle

The ergonomically designed S-Handle enables the user to effortlessly guide the machine in the super fast S-Motion.

Simple Controls

Switch between smooth floor mode and rough floor mode at the press of a button.

DRYFT CORE-ion Battery

Clean 24/7 with DRYFT CORE-ion quick change battery technology, 1 hour 15 minute runtime, 1 hour charge time.

Suction Service Pod™

Anybody can service DRYFT with our smart self service pod design. Quickly and easily change all serviceable parts; suction motor, solenoid valve, PCB, squeegees and more.

Magnetic Recovery Tank

Easy to clean and empty.

Quick Fill Magnetic Tank

2.5 litre/0.66 gallon clean water tank delivers 20 minutes cleaning time.

Ultimate Manoeuvrability

Forged aluminium torque transmitting ball joint.

24 MONTH Commercial Warranty

The DRYFT extended warranty offers continued protection, giving you even more confidence in your investment.

Transportation Wheels

Flip the head onto the transport wheels for easy transportation between cleaning areas.

MAGPlate Magnetic Pad Holder

Colour coded magnetic pad holder.

Wall Protection Glide Wheels

Non-marking soft rubber for precision edge cleaning.

Quick Release Squeegee

Tool-free design for easy maintenance.

DRYFT® Specifications

Machine weight	Empty: 7.3kg/16lbs Full: 9.8kg/ 21.6lbs
Cleaning width	motion 160cm/63"
Scrubbing width	39cm/15.4"
Scrubbing power	4200rpm

core-ion Specifications

Battery run time	Smooth floor mode: 1 hour 15 mins Rough floor mode: 1 hour
Battery charge time	90% charge 1 hour 100% charge 1 hour 35 mins
Battery spec	25.2v 5AH

Worker welfare

Ergonomically designed to enhance worker welfare, reducing strain and fatigue during prolonged cleaning tasks.

Rapid spill response

DRYFT leaves surfaces clean, dry, and safe in seconds due to its powerful suction and high-speed scrubbing action.

Corner cleaning

Scrub and dry deep into corners with DRYFT's unique patented head shape and precise manoeuvrability.

Hard-to-reach areas

DRYFT offers limitless cleaning ability, effortlessly manoeuvring around toilets and tight spaces in seconds.

Access low areas

DRYFT has the world's lowest profile cleaning head, easily reaching to clean beneath partitions as low as 5cm (1.9").

Lightweight and transportable

DRYFT is lightweight and compact, weighing only 7.3kg (16lb) when empty, making it easy to transport wherever you need it.

motion® the way we clean

Clean faster with S-Motion. DRYFT cleans in widths of 160cm/63" whilst you walk forward once. The result is 75% less walking with DRYFT allowing the user to double their floor cleaning productivity.

DRYFT cleans 100m²/1076ft² in just 3.9 minutes.
